Tiny Paws Small Dog Rescue was born out of my love for small dogs and a desire to help those in need, and in memory of the loss of a dear family member.

Dealing frequently with small breed puppies and retired breeder moms, we strive to find homes that are aware of the commitment to raising a small breed dog and to the patience needed in socializing and housebreaking a retired breeder mom who has no idea what life in a home is all about. We also have expanded to helping cats and kittens in need.

We are happy to assist in owner surrender placements, especially those in need of surrendering their dogs or cats due to financial hardships, loss of a loved one, or dog/cat owner entering assisted living facilities or nursing homes.

Tiny Paws will take back an adopted dog or cat should the need arise, as long as it is within a reasonable notice and an available foster home has an opening.

Foster Homes

We are foster home based and are always looking for new foster homes to help us continue our love of rescuing dogs and cats in need. If you or someone you know is interested in more information, please feel free to contact us.

The Future

Our goal is to someday own a building to house even more animals in need.

We look forward to helping you find your family pet!
